Subject: update on Pebble FEIS letter
Importance: High

Folks

Just wanted to provide an update so that you know where we are in the process.

- HQ comments on the draft FEIS letter were due yesterday by COB.
- Today, R10 is working through those comments – thus far they seem manageable.
- Career leaders will receive an update at our 2 PM meeting today.
- For tomorrow's RA-AA level briefing, they will **NOT** have a copy of the draft letter yet. They will only have the briefing doc (see attached for draft of that briefing doc, this briefing doc is currently under review by the team. I've been working to address comments from Heidi on this).
- The RA is scheduled to send the draft FEIS letter to AAs on Friday (likely late), so we will have another shot at reviewing the revised draft letter before it goes to AAs.

Please let me know if you have any questions at this point.

-Palmer
